Policy Type: **OPERATIONAL**

Policy Number: OP - 06

Policy Title: **Reopening Plan/Procedure**

Initial Policy Approval Date: June 2020

Last Review/Revision Date: Aug. 2020

Year of next review: As Required

This policy will establish a protocol for reopening the library that will be used in the event of an epidemic/pandemic or other public health emergency. The health and safety of our staff and patrons is our most important consideration as we resume library operations and services. The Wawa Public Library Board will follow the lead of local health experts, provincial and federal authorities. In moving forward, the library will continue to communicate and provide information on when programming and outreach activities will resume. This policy may require regular review and revision to ensure compliance with regulations set out by health and/or government officials.

Phase 1 Reopening

Section 1: Curbside Pickup

Curbside pickup will commence during this phase of the library reopening. We strive to ensure that all patrons have access to the collection; whether they physically enter the library or by using curbside pickup.

- All curbside pickup will occur at the main entrance of the library
- Staff will have items ready for pickup.
- Patrons are to call, email, or message to arrange pick up
- A staff member will deliver items curbside

Section 2: Rules, Signage and Communication

All library rules and regulations will be observed.

- Signage will be clearly posted at all library entrances and exits, including the required social distancing measures in place and the designated, marked waiting zones outside the library.
- The library will continue to communicate with the public and patrons via email (for those patrons who have agreed to receive library emails), library website, social media, and local radio and print media.
- Phone inquiries and customer service will be available during the opening hours of the library.

Section 3: Access, Capacity and Requirements

At **Phase 3**, the library will allow a maximum of five (5) patrons at a time to enter the physical library space. Once the library has reached capacity, staff will inform patrons outside the library and request that they stay in the designated marked waiting zones (or they may choose to return at another time). Signage will also be posted stating opening hours, social distancing requirements and conditions for patron and staff safety. (Appendix A)

As recommended by local, provincial or federal health officials, library staff will follow suggestions and directions to implement social distancing within the library building. Personal Protective Equipment (PPE) will be provided by the library should it be deemed necessary for employees to wear such equipment when working in the library during this phase of the reopening. Frequent handwashing and cleaning of shared equipment and the library facility will continue.

1. Beginning September 8, 2020, all patrons entering the library must wear a mask or face covering for their own protection and that of others, including staff. The mask or face covering must cover the nose, mouth and chin without gaping.
 - All patrons must use hand sanitizer upon entering and exiting the library (the Wawa Public Library will provide hand sanitizer stations at each entrance and exit).
 - All patrons must adhere to the signage posted upon entering the library and those posted in the library.
 - All patrons and staff will follow appropriate social distancing practices.
 - All patrons will adhere to a maximum 15 (fifteen) minute time limit for access to the physical library space.
 - Patrons who require a personal support worker or one child with a parent/guardian will count as one (1) patron and will stay together within the library and practice social distancing from others.
 - Curbside pick-up will still be available for patrons not comfortable with entering public spaces at this time.
 - Service is “Grab and Go”.
 - All public washrooms will be **CLOSED** during this phase of the reopening.

2. The following persons are exempted from the requirement to wear a mask or face covering and will not be required to provide proof of such exemption:
